Hi Abigail – I never received your signed February invoice. Would you be able to try sending it again?

I resent the invoice this morning but the fax wasn't responding well. Please let me know if it didn't come through.
Thanks,

Hi Abigail - I will need a signed version of this in order to submit it to Accounting for payment.

Good morning,
I am sending the February invoice to you. I hope you are still the right person for that. I am still unsure about some of the new things but I am compiling a list and re-reading to get a better understanding on the changes. Hope the change over is going smoothly for you.
